RE: Change of Ownership for Water Right No. 94-4217

Dear Mr. & Mrs. Hansen:

The Department of Water Resources (IDWR) acknowledges receipt of your Notice of Change in Water Right Ownership.

During our review of the documentation you submitted, we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice.

I reviewed the warranty deed with attachment that lists the long list of patented mining claims but could not seem to match them to official plats on the Public Land Survey. The place of use for this water right is in T48N, R02E, Sec. 2 NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$.

I have enclosed copies of reports for water rights in the business names starting with Bunker in T48N, R02E. I have also enclosed copies of the PLS plats which list Section 2 (the area of the water right you requested the change for) and Section 12 (which did seem to match to one of the mining claims listed on Schedule A). You will need to determine which water right has the place of use on the property you acquired. You may also look at all the documents for each water right online at www.idwr.idaho.gov.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed. Please let me know if you need more time to obtain the proper documentation.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed.

Please feel free to contact IDWR if you have any questions.

Sincerely,
