Re: Water right transfer applications – High Plains Dairy

Dear Jana:

I received your letter dated July 17, 2008 regarding the above-referenced transfer applications.

Your first two questions concern authority to file. Water rights 51-13036 and 51-13038 are owned by High Plains Dairy, LLC. David Gandolfo is a member of this LLC. The land to which the rights are being moved and to which water right 47-2383 is appurtenant is owned by David and Jayme Gandolfo. I am enclosing a signed Authority to File Water Right Transfer from Mr. and Mrs. Gandolfo allowing High Plains Dairy, LLC to file these transfers, along with deeds verifying ownership.

Regarding your third and fourth questions, the new place of use for the stockwater is in T. 9 S., R. 13 E., based on the map and the current place of use of 47-2383. One well for the stockwater use is listed on Part 1.A.4. along with the map, and that is the intent of the applicant.

Enclosed is a Part 2 for 47-2383, or you can print one out from the database to include in the application.

If you have any further questions or concerns regarding these applications, I would be happy to address them. Please do not return the entire application package if you have additional questions.

Cordially,

Charles G. Brockway, P.E.
