Re: RJ, LLC: Water Bank Applications

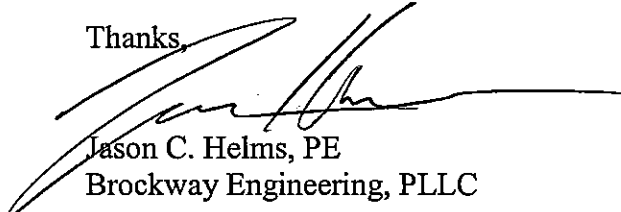

Dear Cynthia:

R J, LLC would like to offer a total of 77.4 acres of water rights from 2 water rights into the water bank as shown on the attached split worksheet. The split of each right offered to the water bank was calculated from similar fractions of the total irrigation. The term for the rental agreement is listed indefinitely since the irrigation system changes may take some time. Notice will be provided prior to the beginning of the irrigation season during which the rights will no longer be available.

The water rights are currently listed in the name of Young & Young Partnership however transfer documents were submitted approximately 1 year ago to begin processing for the actual current ownership by RJ, LLC within a new permissible place of use. A copy of the transfer with associated agreements, maps and deeds is attached for your reference. Jeanie Robertson with the Southern Regional office has been working on the transfer.

If you need any further information please don't hesitate to contact me.

Thanks,

Jason C. Helms, PE
Brockway Engineering, PLLC
