Re: Amended Transfer Application – Patterson Creek
Water Right No. 73-84, 73-2163, 73-4101

Dear Blake,

On behalf of Judy Madsen, I am pleased to submit the enclosed amended *Application for Transfer* for the water rights captioned above. The application proposes to move the point of diversion and create a permissible place of use to more clearly describe an integrated irrigation system. Ms. Madsen will allow Patterson Creek water under her rights to enter the Pahsimeroi River and will pick it up in the P-6 ditch.

The place of use and associated map has been amended on this transfer application. No other changes have been made and the original attachments can be used with this application.

Please contact me with any questions.

Sincerely,

Roxanne Brown
