Dear Ralph and Elicia,

In Sept. of 2006 you submitted a Change of Ownership form. I sincerely apologize for the length of time it has taken to respond to you. The form you submitted was delayed in various offices for various reasons and has ended up in my office.

On the form you submitted, you indicated you wanted the ownership of water right 61-252B in your name. Unfortunately we cannot change the ownership into your name. The map I have enclosed will help illustrate the problem. The yellow lines are the boundaries of the water right. Your parcel is outlined in pink. As you can see, only .2 acres of your property is covered by the water right which is too small a parcel to figure any amount of irrigation water for. In addition, the water right would have to be split, since you don't own all of the property covered by the water right. To split a water right requires a \$100 fee.

If you have any questions, please feel free to call me at 287-4967.

Sincerely,

Sandy Egbert
GIS Specialist
