SUBJECT: App For Transfer 74345, East Ridge Milk

Today I spoke with Gary Funderburg regarding this transfer. Gary talked to Matt Thompson of AgTec Engineering, who told him that the applicant is not ready to proceed with his project at this time due to some financial problems. I told Gary to either have Mr. Duncan request in writing that we hold the app for some specified period, or that he withdraw the app altogether if it was going to be 2 or 3 years before he was ready to proceed. The app is just about ready for parallel processing, so it could easily take another 6 months before the app is even ready for advertising. I will see what Mr. Duncan requests before proceeding.
