RE: Transfer

Delwyn V Ellis
904 W 200 N
Blackfoot, Id 83221

Dear Mr. Ellis,

Pursuant to our meeting I have prepared a transfer removing the acres you designated. My analysis shows that the new pivot will be for 96 acres and 1.56 cfs. I have enclosed a prepared transfer application. If you want to transfer 15 acres of water to the new subdivisions that would make the new pivot 81 acres, but this transfer will need to be completed before moving this 15 acres. While awaiting the completion of the first transfer be aware that as soon as I receive the Platt for the new subdivision I will assist in the preparation of an application for permit for the culinary or in house use.

If you have any questions or concerns please contact me at the number listed below.

Respectfully Submitted,

Nate Arave
