Re: Water Supply Bank Lease Application Review

Portions of water right 36-2449 and overlapping right 36-7835 were initially offered to the Bank from 04/12/04 - 11/15/04 but were not processed for unknown reasons. Portions of these rights were again offered to the Bank from 05/23/06 - 11/15/08. On 08/04/08, IDWR received new applications offering portions of these rights to the Bank for an indefinite period. Due to a backlog of applications and limited staff time, these applications were not processed until October 22, 2008.

Forfeiture was not a concern since the rights were decreed on June 5, 2001, and were offered to the Bank less than five years after the decree date.

For the applications received in 2006, the rights were accepted based on the date of receipt with an ending date of August 4, 2008. The applications received on August 4, 2008, were considered as an amendment to the prior lease applications.
