Re: Applications to lease water to the Water Supply Bank
Project No.: 920-01-2008

Dear Aaron:

Enclosed with this letter are four applications by R J, LLC to lease a portion of four water rights to the Idaho Water Supply Bank for a total of 74 acres. The areas to be dried up are the associated corners with installed pivot irrigation systems. The least period is currently listed as indefinite.

These corners have not been irrigated in the 2008 irrigation season and we request that these applications are processed immediately.

We would also like to confirm that the corners of the pivots installed on land associated with water rights 36-7042 and 36-16476 are currently being offered by the Idaho Water Supply Bank, as indicated on the on-line database.

If you have any questions, please feel free to contact me.

Sincerely,

G. Erick Powell, Ph.D., E.I.T.
