RE: FMC Transfer Application

Dear Mr. Jordan:

As we discussed last week, I have enclosed the revised FMC transfer application with the original signature. Payment was submitted with the original application. Please notice that I made a few additional changes to the document (in particular, I corrected the applicant name and phone number).

In addition, you asked me to find out when FMC last used the well at the current point of diversion. According to FMC, the well was taken out of commission in 2002. At that time, FMC submitted the appropriate documents to Department indicating that FMC would be abandoning the well. I have not provided these documents, as they should already be on file with the Department. If you need more information, please let me know and I will track down the documents.

You should now have all that you need to begin processing the attached transfer application. Please advise me as soon as possible if there is a need for additional information.
