On October 17, 2008 Kirk Egbert came in to the Eastern Office requesting a Change in Water Right Ownership for the above listed water rights, in researching the status of the water rights the department found that 2 of these water rights were applications 31-7435 and 31-7428, Richard Egbert deceased as owner of the applications, the warranty deed specifically mentioned the two applications as being deeded to Kirk Egbert. After talking with Ernie Carlson I was told that where the water rights were listed the on the deed as being transfer to Kirk Egbert it would be ok to change the ownership with the Notice of Change in Water Right Ownership, I had also found a section in an Administrators Memorandum for Ownership changes Section 3 it states "An application or permit can also be assigned by the owner to another party in a deed or through a bill of sale as long as appropriate language is included indicating the assignment or conveyance of the application or permit with a notarized signature of the owner."
