Susan and Phil –

Attached is a copy of the Harpes' application for transfer of water right 2-10257. The IDWR website is www.idwr.idaho.gov. From the home page, there is a menu on the left – forms – water right forms – app for transfer and directions. Please download a blank form and the directions.

The Harpes' form can be used for reference for the general water right info, however, there are many questions specific to the applicants. For instance the obvious, applicants names; the info in Part 1(6) on page 2; Part 2 (A)(2) – please send a copy of the recorded warranty deed; Part 2(A)(9) and (10) on pages 3 and 4; and Part 3 on page 7. You can use the Harpes' plat map and add the intended location of your pump on the river.

CORRECTIONS: page 1, Part 1(B)(1) the correct right no. is 2 -10331 because 2-10257 was split which resulted in new water right nos.

SHORTCUT: page 3, Part 2(A). "DESCRIPTION OF RIGHT AS RECORDED" please write "see attached" and I will include as an attachment the printout of right no. 2-10331.

SHORTCUT: page 4, Part 2 (C) "DESCRIPTION OF UNCHANGED PORTION OF RIGHT", please write "remainder".

Please send the completed app and documents to my attention at the address below. I will be out of the office from Monday, 8/11 – 8/22. When I return, the processing should go fairly quickly. Call with questions.

Larry –

This e-mail is in follow up to our conversation today about the above transfer. You submitted the transfer application to split Lot 11 from the place of use of water right 2-10257, and add a point of diversion, a pump in the Snake River .

You indicated today that you no longer the property. We have not been contacted by the new owner as to whether they intend to pursue the transfer . If they do want to pursue the transfer, they will need to amend the application and provide some additional information, otherwise the application will be rejected.

Your idea to forward this e-mail to your realtor would be helpful as I have no way to determine who the new owners are and how to contact them. Thank you-
