RE: LAPSED PERMIT NO. 96-9011

Dear Ms. Kroetch:

Enclosed is a copy of the Proof of Beneficial Use ("proof") form you filed with the department on August 25, 2008. This letter is to inform you that the license examination fee was not paid at the time of filing the proof. The license examination fee is based on the maximum rate of diversion that was developed, and is for the department to conduct a beneficial use field examination of the water system to verify its use. The permit was issued with a maximum diversion of 0.33 cfs, which the fee would be \$100.00. However, if you divert less than that amount, please note it on the proof and pay the appropriate fee.

Also, the proof statement you submitted to the department contains some question marks. To better assist you with verifying the permit as developed and to answer questions you have regarding this permit, I have enclosed a copy of the permit no. 96-9011 and a database report for water right license no. 96-7729. If after you review these documents and you decide to complete the blanks on the proof form, please do so and initial the additions.

Please return the enclosed proof or an amended version, with the appropriate filing fee to my attention. I will hold the evidence you previously provided to the department for your response. Because this permit has lapsed, receipt of the fee will determine a new priority date, if the permit can be reinstated.

I will hold this matter for your response for fifteen (15) days from the date of this letter. I have enclosed the instructions for filing proof and the filing fee schedule. If no filing fee is received on or before this deadline, I will return the documents you have provided for reinstatement and the permit will remain lapsed and of no force nor effect, according to Section 42-218a, Idaho Code.

Ms. Kroetch
