Thank you Karen. I've printed the pdf's and added them to the project file.

I also left Keith Franklin a voice message letting him know that we had communicated about reinstating the permit.

I have one lapsed permit reinstatement order ahead of yours. Give me a couple days to finish that one and review your project file.

Michele,

I just realized that one of the Invoice sheets still had a sticky note on it when I scanned it so here is a clean copy.

Sorry,

Karen Osterdock, E.I.T.
