PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 95-9070

Dear Permit Holder:

The department acknowledges receipt of the Proof of Beneficial Use form ("proof") submitted for the above referenced permit. Enclosed is an order that reinstates the permit, since proof and the license examination fee was submitted after the proof deadline. Please note that the priority date for the permit has been advanced to April 12, 2001, as provided in Section 42-218a(2), Idaho Code.

During my review of the proof I found that you stated that you are irrigating "5-20" acres. When I compared the proof to the permit, I found that the permit is limited to ten (10) acres for irrigation. I have enclosed a copy of the permit for your information. The irrigation under this permit is limited and does not cover other water rights you may have.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water for the purpose of issuing a license for this water use.

Be advised that Section 42-248, Idaho Code, requires you as the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination or the permit conditions, please contact the **Northern** Regional Office of the department in Coeur d'Alene at (208) 762-2800. If you have any questions about my review of the proof, please contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
