RE: PERMIT NOS. 63-12417 and 63-12361

Dear Permit Holder:

I have enclosed copies of the approved requests for extension of time submitted in connection with the above referenced permits. The order extends the time within which to submit proof of beneficial use to **October 1, 2008**.

Please note that the department granted these extensions based on **due diligence**. It is important that you work diligently toward the completion of these projects during the construction period allowed since the department may not be able to grant additional extensions based on due diligence.

Also enclosed is a Reinstatement Order for water right permit no. 63-12361. The department is issuing this order due to the lapsing of this permit. The department has concluded that the reasons for delay were based on department error, and therefore, the permit is reinstated with no advance in the original priority date.

Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact this office or any regional office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact the department, if you have any questions regarding this matter.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
