Subject: Water right 36-14714 - OKELBERRY

Attachments: PZletter.pdf

Laury,

Emalee Rushing asked me to respond to your request for verification of a domestic water right on the Okelberry property in Jerome County. Please see the attached letter and let me know if you have problems with the file or if you would like us to mail you a hard copy.

If we can be of further assistance on this matter, please feel free to contact our office.

RE: WATER RIGHT 36-14717

Dear Laury:

You recently contacted our office regarding a proposed split of a property located in Jerome County and requested verification that the property has an existing domestic water right. The land you asked about is approximately 38.8 acres located in the SW ¼ of the SE ¼ of Section 5, Township 10 South, Range 21 East. IDWR records indicate that water right 36-14714 is appurtenant to the 10-acre tract in the SW ¼ of that land. That water right authorizes diversion of up to 13,000 gallons of groundwater per day for domestic and stock watering purposes. As outlined in §42-111 of the Idaho Code, domestic uses may include up to one half acre of irrigation in connection with the household. I've included a copy of the proof report for water right 36-14714 for your reference.

If you have any questions, or need further assistance, feel free to contact this office at your convenience.

Sincerely,

Nick Miller, P.E.
Staff Engineer, IDWR
