Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Ms. McFaddan:

In processing your application for permit, the department discovered the well you intend to utilize was constructed as a domestic well. This means the driller obtained a drilling permit in the amount of \$75.00. Any well constructed for any other purpose than domestic is required to pay a fee of \$200.00. Since you are going to use the well for other than domestic you will need to upgrade the well by submitting an additional fee of \$125.00. The balance between \$200.00 and the \$75.00 already paid.

Please submit the upgrade fee in the form of a check made out to IDWR in the amount of \$125.00, within the next 30 days so as not to delay in processing your application. If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
