RE: Application for Transfer 72003

On May 1, 2007, we sent you a 30 day letter requesting information before processing could proceed. On May 10, 2007, you responded by informing us that you were assisting the applicant on getting the information needed. As of today, June 2, 2008, one year later, we have never heard from you or the applicant.

As stated in our letter, "The Water District records appear to reflect a period of non-use prior to enrollment of the land in CRP that could be considered forfeiture. Please provide comments &/or evidence to support use of the rights prior to CRP. This information needs to be clarified before processing can proceed."

Please submit information with 30 days from the date you received this notice. If you do not respond within 30 days (July 7, 2008), IDWR will void your application.

Please feel free to contact this office if you have any questions.

Sincerely,

Dave Carlson
Water Resource Supervisor
