Re: Evaluation of Sufficiency of Information Submitted

Applicant proposes correcting the point of diversion on water rights 43-10445, 43-10449, and 43-10450. Point of diversion was decreed in wrong 10 acre tract. Correct location is located 3 miles south and 0.04 miles east of Malta. Upon review of this transfer it was determined advertisement was not necessary. The point of diversion is being corrected on the water rights to reflect the actual point of diversion. The area associated with the transfer is located in the Raft River Ground Water District and in the Raft River Critical Ground Water Management Area.

- **Authority to File:**
The applicants are listed as the current owners of the rights being transferred according to IDWR records.
- **Water Right Validity:**
Water right 43-10445 was decreed on 6/28/2002.
Water right 43-10450 was decreed on 6/28/2002.
Water right 43-10449 was decreed on 7/24/1998.
- **Injury to Other Water Rights:**
None anticipated. Transfer will not be advertised because there is no hydrologic impact due to that fact it is a correction of the legal description.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No issues anticipated. Transfer is to make a correction. Application is approvable at regional level.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
