

Dear Aaron

Check my water right count, it looks like I have a total of 951.8 rights.

Water right 36-02627 has 480.3 rights and water right 36-16460 a total of 951.8. there is 772.3 rights in the crop and ~~179.5~~ 103 rights in the water bank, that leaves 81 extra rights ~~over~~, if that is I would like to put any extra in the water bank too. please check this out and let me know.

Thank you much
