Dear Jeanie:

Triangle P, L.L.C. along with Richard and Sherma Poteet, has notified Farm Credit Services regarding a pending application for transfer of water rights under Idaho Department of Water Resources Transfer # 75076. It is our understanding that all transfers and amendments of these rights needs consent from mortgage holders who have liens on the ground associated with the points of diversion and use. Northwest Farm Credit Services, who holds the underlying land under Mortgage under Transfer #75076, does not object and gives full consent to pursue the change of ownership and in the point of diversion to augment the Poteet's existing water supply.

Should there be any additional questions or concerns, please give me a call.

Sincerely,

A handwritten signature in dark ink, appearing to read "Robert E. Blakeslee".
