RE: Transfer #75076

Dear Mr. & Mrs. Poteet,

I received the letter today from Farm Credit approving of your transfer but I have a couple of other questions. It looks like that back in 2002, two transfers were approved, one for you (#69569) and one for the Miller's (#69570) where you added each other's wells to your rights. Will the Miller's be connected to this new well that you intend to drill? If so, they should also file another transfer to add the new well to their rights.

I found an agreement in the old transfer files dated 2001 where you agreed to share your wells. Is this agreement still in effect? If so, I can make a copy for this transfer but if not, could you send me a copy of any updated well agreements?

As far as the outdated registration with the Secretary of State for Triangle P, LLC, I will need you to get that updated and the status back in goodstanding if you want the water rights to be in the name of Triangle P, LLC, like the deeds you mentioned will say. (I also still need copies of those)

Please give me a call if you have any questions. (I guess I forgot to SAVE your email address cause I can't find it in the computer.)

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
