Describe the reason for the proposed changes

A well in Sec. 32 has historically provided water to this property prior to the breakup of the old Sand Springs Ranch, but was inadvertently left off of Transfer 69828. We just recently noticed this discrepancy, and now wish to correct the record. The well is located on the K & W Dairy property, but they have never used it; they have given their written permission for this transfer.

4. FOR CHANGES IN NATURE OF USE ONLY

A. Describe the expected quantity of the return flows and location of discharge after the proposed change

B. Describe the effects on other water uses resulting from the proposed change
