WATER RESOURCES  
WESTERN REGION

STATE OF IDAHO  
DEPARTMENT OF WATER RESOURCES

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name: DAVID M CRAWFORD 208-463-8352  
Address: ~~7521 AIRPORT RD~~ 14377 Lewis Ln.  
Nampa ID 83687/6  
OR  
Name: LESLEY CRAWFORD 208-463-8352  
Address: ~~7521 AIRPORT RD~~ 14377 Lewis Ln.  
Nampa ID 83687/6

2. Source: GROUNDWATER Trib. to:  
3. Location of Point of Diversion: NWNE Sec. 15, Township 02N, Range 03W  
CANYON County

4. Water will be used for the following purposes:

| Purpose    | From  | To    | CFS   | (or) | AF |
|------------|-------|-------|-------|------|----|
| IRRIGATION | 03/15 | 11/15 | 0.800 |      |    |
| DOMESTIC   | 01/01 | 12/31 | 0.020 |      |    |

5. Total quantity to be appropriated is:  
0.820 CFS (and/or) AF

6. Proposed diverting works:

- a. Description of ditches, flumes, pumps, headgates, etc.  
TWO WELLS, ONE FOR DOMESTIC AND ONE FOR IRRIGATION  
b. Height of storage dam feet; active reservoir capacity  
acre-feet; total reservoir capacity acre-feet; period of  
year when water will be diverted to storage: to inclusive.  
c. Proposed well diameter is 8 inches; proposed depth of well is 350  
feet.  
d. Is groundwater with a temperature greater than 85F being sought? NO  
e. If well is already drilled, when?  
Drilling Firm  
Well was drilled for

7. Time required for the completion of the works and application of  
the water to the proposed beneficial use is 5 year(s).

8. Place of Use: IRRIGATION

| TWN RGE SEC | ACRES   | ACRES   | ACRES | TOTAL |
|-------------|---------|---------|-------|-------|
| 02N 03W 15  | NWNE 20 | SWNE 20 |       | 40    |

Total number of acres irrigated: 40

Place of Use: DOMESTIC, same as IRRIGATION use

9. a. Who owns the property at the point of diversion?

APPLICANT

b. Who owns the land to be irrigated or place of use?

APPLICANT

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing.

10. Remarks:

The water bearing zone to be appropriated is 250 to 350 feet.

11. Map of proposed point of diversion and place of use attached? ☒

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

## Response Form

Name of Applicant: DAVID Or LESLEY CRAWFORD

Address: ~~7521 AIRPORT RD~~ 14377 LEWIS Ln.  
NAMPA, ID 83687

Application No: # 63-12404

✓ d-base updated

(Please read carefully and mark)

☒ Yes, I intend to proceed with the water use development outlined in the application. I retain full possessory interest in the listed point of diversion and place of use locations on the application. I request the Department continue processing the application. (Please describe on the back updates/changes needed on your application)

(Please fill in) The estimated (well) water bearing zone will be  
350 ft to 550 ft below the ground surface.

☐ No, I do not wish to proceed with final processing of this application. I hereby withdraw my Application for Permit to Appropriate the Public Water of the State of Idaho

Signed this 19 day of August 2008

Applicant Signature David Crawford

Printed Applicant Name DAVID CRAWFORD

Return Form to: J. Westra

Idaho Dept. of Water Resources  
2735 Airport Way  
Boise, Idaho 83705

To Dept. of Water Resources,

Regarding our Application #63-12404  
Application for 40 Acres of water right.  
I still own and reside at 14377 Lewis Ln.  
Nampa, Id (40 Acres ~~own~~ owned).

In 2001 we purchased a water right  
for 20 Acres and initiated a transfer.  
This water right is No. 63-31188.

I am interested in water right for  
the remaining 20 Acres. The point of  
diversion would be from the existing  
well for above water right.

**RE: Held Application for Permit #63-12404--Filed July 29, 1997**

Dear Applicant:

As you aware, the above reference application for permit located in the Boise River Basin has been held by our agency since the 1990s. The Department began holding new groundwater applications for consumptive use due to prolonged drought and concerns about declining aquifer levels. As a result, the Treasure Valley Ground Water Study was initiated. The study was completed in 2002, and now provides modeling for projecting future groundwater availability in the valley. Our agency will commence processing held applications as staff resources are available.

Attached is a profile report of your application as submitted to our agency. Please check carefully the specifics on the application. You must still have full possessory interest- ownership in the listed point of diversion and place of use land locations for processing consideration. Your application will need to have public notice published in your local county newspaper. The notice will be published once per week for 2 consecutive weeks. Anyone having issue with an application may file a protest within the time allowed.

**We are asking for you to convey your intentions regarding this application by completing the attached response form. *Please respond to the following:***

**- If you desire to develop the water use, and wish our agency to complete the processing of your application, please mark the *YES* response, provide any updates/changes needed, and list the water bearing zone for the well source.**

**OR**

**-Mark the *NO* response to withdraw the application. The application will be removed from processing and our records. Our agency will not be able to provide refunds of fees for withdrawn applications.**

**-Sign, date, and return the response. Response forms need to returned to this office no later than 30 days of this letter date.**

Should you have questions about further processing of this application, please contact Denise Buffington or John Westra at the Western Regional Office, phone 334-2190.

Sincerely,

John Westra, Manager Western Region

**Subject:** Application 63-12404 *no. 69112*

I spoke with Dave Crawford about withdrawing application for permit 63-12404 upon approval of his proposed water right transfer. He was wondering if he could amend the application to reduce the irrigated area from 40 to 20 acres and the irrigation diversion rate from 0.8 to 0.4 cfs? If so, what is the timing on this. Should he wait for transfer approval first? *Yes*

# ***STAFF REVIEWERS***

January 21, 2000

Steve Lester

To ensure compliance with S.O. directives, complete the following before file goes to Regional Manager or S.O.

1. **“Pre or post memo”** -- document the file to show if processed prior to the new “change to applications” memo.
2. **Comments** should not be on left side of file – move to top of right side and be sure that staff review sheet includes a heads up about comments.
3. **Computer printout of application if not the original** – label as “file copy” and move to right side of file. Note that items 2 and 3 might be done as one step.

Items 1-3 apply to all files now being processed: files at your desk, in advertising, protested, or at Manager’s desk.

Items 2-3 will apply to all files processed in the future: new filings or those processed from “hold” drawers.

Please file a copy of this with your May 1999 “Final Review of Applications” guidelines that I distributed.

***RE: APPLICATION FOR PERMIT NO. 63-12404***

Dear Mr. and Ms. Crawford:

Your application for permit to appropriate ground water for irrigation and domestic uses was received on July 29, 1997. Processing of the application must be delayed.

Due to continued drought and to protect existing water rights and water supplies, the Director of this agency declared a moratorium on May 15, 1992, concerning water right applications proposing new consumptive uses of public water. The moratorium has been lifted, but processing of all new or pending applications has been suspended until technical data are available from a comprehensive Treasure Valley ground water study now underway. Initial results of the study are not yet available. It does not appear that processing will resume in time to approve your application for the 1998 irrigation season.

To facilitate handling of your filing once it can be processed, please provide the following information:

Please confirm whether or not the acres are already irrigated from a surface water source. If so, what is the nature of this existing water use (private system or delivery organization; name of organization etc.)? What is the source of this surface water, e.g. Boise River via Farmers Union Ditch Co.?

This office will hold your application and will begin processing as soon as possible. Delays related to department actions do not affect the date of priority or seniority of any application, once established.

If you have any questions, please feel free to contact this office at 334-2190.

Sincerely,

Maria Minicucci  
Sr. Water Agent
