Re: Water Right Application No. 75-14462 (Maxwell)

Dear Lyle,

Idaho Department of Fish and Game (IDFG) staff has reviewed the application from Gertrude Maxwell to withdraw 0.1 cfs of water from Tendoy springs near Salmon, Idaho to irrigate 5 acres. Tendoy springs seasonally flows into the mainstem Salmon River. This water withdrawal will not negatively impact fish or aquatic resources and we do not have concerns regarding permit issuance.

We appreciate the opportunity to review this application and provide comments.

Sincerely,

A handwritten signature in black ink that reads "James R. Lukens".

James R. Lukens
Regional Supervisor
