Dave,

Thank you for your help in obtaining documents regarding the Living Trust of Harry R. and Camille M. Martz (Transfer application no. 73823) to verify signatory authority. I did forget to mention that the applicants should also submit a non-domestic well upgrade fee at some point. As you are aware, a well drilling fee of \$200.00 is required for wells used for purposes other than domestic use drilled after July 1, 1987. The applicant's well was drilled in 1999 when the fee for drilling a domestic well was \$75.00. Therefore, the fee to upgrade the well is \$125.00. I can certainly communicate this to the applicants directly, but thought I would mention it now since you will be contacting them for other information.

Thank you again for the help,
Cynthia
