Idaho Dept. of Water Resources
Boise, Idaho

RECEIVED
JUL 19 2007
DEPARTMENT OF
WATER RESOURCES

To Whom It May Concern:

I Greg Smedley, representing Acres Unlimited, LLC purchased land with water rights several years ago. While some of the water right transfers have gone through, I am still waiting on one that was classified as a split. I have tried numerous times over the past two years to get help with the situation. After visiting with your representative in Idaho Falls, I think that I want to put what rights I have in the water supply bank. I still would like further information or discussion from your office about how it all works. At first I was told to wait until the split was done. After several no returned phone calls and months of waiting, I was recently told to apply to the water bank and perhaps that would accelerate the process. If there is anything I have missed or done wrong on the application, please let me know and I would be glad to do whatever I need to on my end. I would appreciate some contact to let me know if the process is on its way. I do realize that your office is probably the busiest place in Idaho these days and I have tried to be patient. At the same time, I don't want to lose what I have. Thank you for your time.

Sincerely,

Greg Smedley
