Re: Permit No. 37-8894

Dear Permit holder:

On July 18, 2008, you filed a Proof of Beneficial Use ("proof") for the above referenced permit with the Southern Regional office in Twin Falls. I received your proof on July 30, 2008. During the time that the proof was in route to me, I issued a Lapse Notice and lapsed this permit. However, the Department accepts the proof and has issued an order reinstating the permit based on Department error. The reinstatement does not affect the priority date of the permit.

The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions about the field examination, please contact the **Southern Regional Office** of the department in Twin Falls at (208) 736-3033.

Sincerely,

A handwritten signature in black ink that reads "Deborah J. Gibson". The signature is written in a cursive, flowing style.

Deborah Gibson
Administrative Assistant
Water Management Division
