This application proposes the
diversion and use of water from
ground water tributary to the
Salmon & Clearwater Wild &
Scenic River. The decreed mini-
mum stream flow rights for the
federal Wild & Scenic Rivers are
subordinate to certain categories
of water use and to specific
amounts of water use established
after the minimum stream flow.

The water use proposed in this
application will benefit from the
subordination provision because
the diversion rate 148 af for stor-
age for recreation, wildlife and aes-
thetics will be applied to the sub-
ordination amounts specified in
the decree for the Wild & Scenic
River listed above.
Permits will be subject to all
prior water rights. Protests may be
submitted based on the criteria of
Sec 42-203A, Idaho Code.
Any protest against the

approval of this application may
be filed with the Director, Dept
Water Resource, Eastern Regl

on or before August 4, 2008. A
