

MEMORANDUM

Date: July 17, 2008
To: Water Right File 63-12463
From: Aaron Marshall
Re: Licensing Review

Permit No. 63-12463, in the name of United Water Idaho Inc., was approved in 1998 for municipal use of ground water within the service area of United Water Idaho.

The permit was amended in 2003 to change the location of the points of diversion. The amended permit described the place of use as within the service area of United Water Idaho, generally within the city limits of Boise and the surrounding service area.

The permit was assigned to the City of Nampa in 2005. Only one well (Well 17) was developed under this permit in 1999. The City of Nampa connected the well to the potable municipal water system for distribution throughout their service area. A licensing amendment will be necessary to change the place of use.
