**NOTICE OF PROPOSED CHANGE
TO WATER RIGHTS**

Notice is hereby given that two Applications for Transfer have been filed with the Idaho Department of Water Resources for changes to water rights within Cassia County. **Application No 74642 filed by V & R FARMS LLC, 715 S 751 E; BURLEY ID 83318.** This transfer proposes to change the place of use for a groundwater right used for irrigation approximately 4 miles west and 3 miles north of Albion. Some of the acreage currently serviced by the water right will remain and others will be adjusted. The most significant change will be the SW Q of Sec 21, which will be moved east and south, approximately 1 mile, closer to other acreage serviced by this right. The points of diversion will not be changed. **MARVIN L. & LOVEL L. BLACKER, 459 S 400 W; BURLEY ID 83318 have filed Application No. 74796.** Application proposes changing the place of use and adding a diversion point to groundwater rights that currently allow for the diversion of 4.95 cfs for the irrigation of 365 acres on a farm located approximately 4.25 - 5.0 miles south and 3.0 - 4.5 miles west of the center of Burley. The application will create a 375 acre permissible place of use for three of the rights and a portion of a fourth right, allowing for the irrigation of 361.3 acres within the permissible place of use, and specifically identifies a 3.7 acre place of use for a 0.07 cfs portion of the fourth right. The proposed permissible place of use and the 3.7 acres are located within the boundaries of the original farm. Two existing wells, with one located on the farm and the other located approximately 0.5 mile west of the farm, will serve as points of diversion for the rights involved with the transfer allowing for the diversion of up to 4.95 cfs and the irrigation of 365 acres. For specific details regarding an application, please contact IDWR Southern Regional Office at 208-736-3033 or visit the website for the Department at <http://www.idwr.idaho.gov/apps/ExtSearch/WRfiling.asp>.
