

Ident. No. 63-12153

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name: MITCHEL TAIN 208-392-4153
Address: PO BOX 44
IDAHO CITY ID 83631
2. Source: GROUNDWATER Trib. to:
3. Location of Point of Diversion: SWSW Sec. 27, Township 06N, Range 05E
BOISE County
4. Water will be used for the following purposes:
- | Purpose | From | To | CFS | (or) | AF |
|------------|-------|-------|-------|------|----|
| IRRIGATION | 04/15 | 10/15 | 0.400 | | |
5. Total quantity to be appropriated is:
0.400 CFS (and/or) AF
6. Proposed diverting works:
a. Description of ditches, flumes, pumps, headgates, etc.
EXISTING WELL, PUMP & SPRINKLERS FOR NEW LAND
b. Height of storage dam feet; active reservoir capacity
acre-feet; total reservoir capacity acre-feet; period of
year when water will be diverted to storage: to inclusive.
c. Proposed well diameter is 8 inches; proposed depth of well is 75
feet.
d. Is groundwater with a temperature greater than 85F being sought? NO
e. If well is already drilled, when? 01/01/1965
Drilling Firm UNKNOWN - ESTIMATED DRILLING DATE PER APPLICANT
Well was drilled for T. ROSS & M. PENNINGTON
7. Time required for the completion of the works and application of
the water to the proposed beneficial use is 2 year(s).
8. Place of Use: IRRIGATION

TWN	RGE	SEC	ACRES	ACRES	ACRES	TOTAL
06N	05E	27	SWSW 17	SESW 3		20

Total number of acres irrigated: 20

9. a. Who owns the property at the point of diversion?
APPLICANT
b. Who owns the land to be irrigated or place of use?
APPLICANT
c. If the property is owned by a person other than the applicant,
describe the arrangement enabling the applicant to make this filing.

10. Remarks:

Application being held pending withdrawal of drought moratorium.

11. Map of proposed point of diversion and place of use attached? ☒

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

**Distribution: Applicants Whose Water Right Applications Were Held
Without Action Under the Boise River Basin
Moratorium**

Dear Applicant:

As you might be aware, on May 3, 1995 the Director of the Department of Water Resources, Mr. R. Keith Higginson, signed an Amended Moratorium Order which provides for the processing of previously held applications within the Boise River Basin, with certain restrictions. Enclosed for your information is a copy of the Order.

As provided in the Order, this office will resume the processing of these applications in order of priority at a rate of 30 applications per month. Depending on how many applicants wish to proceed with development of their projects, the processing of the 338 presently-held applications could require as much as a year. To enable you to make an estimate as to when your application(s) will be processed, please be advised that 244 of the applications have priority (receipt) dates of 1992; 32 are dated 1993; 37 are dated 1994; and 25 are dated 1995.

As new applications are received, they are sorted into two groups. Those that would not have been held back under the moratorium are processed immediately. To assure fairness in processing, those that would have been held back under the moratorium, such as irrigation applications, are placed at the end of the moratorium processing line.

Note that the Order requires that all applications held under the moratorium will be advertised (or re-advertised if previously advertised), in order to enable neighboring water users to examine the proposed uses in view of water availability information gained during recent drought years. There will be no additional charge to the applicants for this process. For applications that propose use of ground water, the advertisement must include an indication of the depth interval from which the applicant proposes to withdraw water.

Please find enclosed a Profile Report which provides information from our water rights data base describing each of your moratorium-held applications. In addition we have included one response form for each application, which enables you to indicate whether you wish to proceed with processing of your water right application(s).

In case you no longer intend to develop a water use as described on an application, please complete and return the enclosed Withdrawal Form. Because of the time and effort already devoted to researching water availability in the Boise River basin, the Department will not be able to provide refunds of fees for applications that are withdrawn.

If you have questions about this process, or if you need assistance in completing the response form, please feel free to contact this office at (208) 334-2190. Response forms received no later than May 31, 1995, will be used in compiling the applications that will be advertised during June.

Sincerely,

David R. Tuthill, Jr., P. E.
Manager, Western Region Office

RE: Application for Permit 63-12153

Dear Applicant:

Your application for permit to appropriate groundwater for irrigation use was received 10/24/1994.

Due to continued drought and the need to protect existing water rights and water supplies, the Director of this agency declared a moratorium on 5/15/92 concerning water right applications proposing new consumptive uses of public water. The moratorium has been lifted in some areas of the state, but remains in place for the Boise River basin. We will not be able to process your application at this time. Delays related to department decisions will not affect the date of priority or seniority of your application.

This office will continue to hold your application pending future developments in the water supply situation and will inform you of any changes. If you have any questions, please feel free to contact me at 334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Lori A. Graves".

Lori A. Graves
Sr. Water Resource Agent
