PROOF ACKNOWLEDGMENT LETTER

Re: Permit No. . 71-7178

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above-referenced permit. The next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

During my review of your proof and its permit, I found that you may not have completed the measurement and lockable controlling works requirements for this permit. Enclosed is a copy of this permit for your convenience. I suggest that these requirements be completed prior to the field examination.

Additionally, please be advised that Section 42-248, *Idaho Code*, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office. You may also access the Department's website at: www.idwr.idaho.gov

Should you have any questions concerning this permit or the field examination, please contact either the State Office in Boise at (208) 287-4800, or the Southern Regional Office in Twin Falls at (208) 736-3033.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
