Subject: Re: Aspen Creek Water Association address update

Yes, the correct address is 212 West Ironwood Dr., Suite D-164. I have double checked and the recent Proof of Beneficial Use Survey was incorrect in the address. If you would like to have a corrected copy of the POBU request, please let me know and I will resubmit.

Mr. De Smet:

I am writing on behalf of your client Aspen Creek Water Association, Inc. I was contacted by phone this morning from Ramona Stevens, who stated that she works for Aspen Creek's owner. She wished to clarify that the correct address for Aspen Creek should reflect Suite D-164. I've looked at the file, and it appears that the Department was not informed of this specific location at the time of filing proof of beneficial use. The only information we have documented shows that the business is located at "Suite D." Please respond to me in writing to document the correct address for authorization to make the change.

Thank you.
