Hi Ed:

We received the City of Caldwell amendment application. Legal notice should occur first half of May. As you noted, the other applications for permit superseded by amendment should be withdrawn. Would be good to include a request for refunds for non-processed applications being withdrawn.

For Nagel Beverage transfers, here is the current summary:

- 73831 1) Transfer for 63-32001, filed 5/10/07, ok to process now
73832 2) Transfer for 63-32202, filed 6/5/07, ok to process now
3) Transfer for 63-3066, filed 2/20/08, SRBA Objection must be resolved before can process.
- > OK to process

Does your client want us to process the two 2007 transfer applications at this time? Please let me know.

Thanks

Steve
