Rob,
 I've attached the map and table. The map is not scanned in color, but I think it reads ok. If you'd prefer a color copy, let me know and I'll have one mailed to you.

Jeff

Jeff:

I represent Derlin and DeOn Campbell, who were in a dispute with Chad and Caroline Phillips, who purchased property from the Campbells. Mr. Kevin Homer used to represent the Campbells, and he sent a letter to you late last year with a number of questions. You responded with a letter dated November 8, 2006. I have a copy of the letter and most of the attachments. However, I cannot find the table and map you provided as attachments to that letter. The parties have entered into a settlement agreement to settlement many issues, including the water rights issues. It appears to me that your analysis of the water rights split is correct, and we have agreed to split the water rights accordingly. Just so I am clear on the split, would you please send me a copy of the attachments I am missing? I would appreciate it very much.

Once I have reviewed the attachments, I will send you a letter with copies of the recording settlement agreement, and instruct you to proceed with the water right split. As part of the settlement, we also intend to change a point of diversion for some of these rights with a transfer application, which we will file in the eastern region office.

If you have any questions, please let me know. Thanks again for your assistance.
