Re: Notice of Diversion as an Alternative to Instream, Stockwater Use

Dear Mr. McCann:

The Idaho Department of Water Resources is currently processing your above said notice and found the location of the spring you plan to develop, according to the submitted topography map, is located in the NE quarter of the NW quarter of the SE quarter of Section 28 rather than in the NW quarter as stated on the notice. Before processing is finalized, please verify this is correct by dropping me a note or giving me a call at 208-924-5956. Attached are two maps for your review showing the location of the spring.

Thank you.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
