Director

Re: Application for Permit No. 85-15686

Dear Mr. Stucky:

Your application was sent to the local newspaper for publication in the Idaho County Free Press on June 18 and 25, 2008. I managed to get your mailing address corrected before this went to press, but I pulled your mailing address off the computer which still shows your Jackson, Wyoming address. Note that the enclosed letter was returned to us rather than being forwarded to you in Grangeville.

Water right owners are required to report any change of water right ownership and/or mailing address to the Department in writing within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. It is important that you keep your address and phone information current with the Department.

Enclosed is the paperwork to formally update your mailing address and phone number information for our records. Please complete the form and return to my attention. I will see that the computer records are brought up to date when I receive this paperwork back from you.

If you will be moving seasonally back and forth between Wyoming and Grangeville, it will be important for you to notify the Department when you do so. We need to have current contact information in case we need to contact you about your permit, and to notify you when we need information from you or need to schedule a field exam.

Once your permit has been issued you will need to notify the State Office in Boise of any address changes, whether permanent or temporary. The address for the State Office is:

State of Idaho
Department of Water Resources
PO Box 83720
Boise, ID 83720-0098

If you have any questions, please contact me at 208-762-2800.

Thanks for your help.

Sincerely,

Dianne Ball
Administrative Assistant
