Dear Sir or Madam:

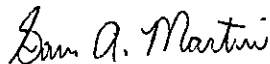

Last year, we received your letter of July 19, 2007 regarding the field examination to determine and confirm the use being made of the water associated with PERMIT NUMBER 85-15465. As of today's date, August 9, 2008, we have not yet been contacted to schedule a field examination; this has been over 1 year. As such, we feel that our permit has been left in limbo by the lack of action by Idaho Water Resources.

We believe that Idaho Water Resources has an obligation to fulfill the terms of the permit application and as such, we are urging immediate action to have a field examination performed so that we can solidify our water right. Please contact Ray Martin at (208) 926-4474 to schedule an appointment. Thank You.

Sincerely,

Ray A. Martin

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 85-15465

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code, requires water right owners to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions about the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Deborah J. Gibson
