Re: 75-10627

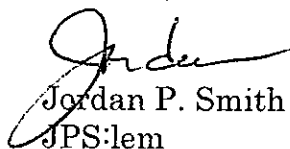

Dear Nate:

This confirms our telephone conversation of August 12 wherein we discussed the procedure necessary to complete the adjudication of the above named water right. It is my understanding that the department approved the transfer of this water right in 1992, after the adjudication began in 1987. You stated that it was necessary to complete an administrative procedure in order to accomplish the entry of a decree, and in that connection I'm enclosing the documents that you forwarded to me, as follows:

1. Application for transfer of water right
2. Amended amended notice of claim to a water right acquired under state law.
3. My office account check in the sum of \$100.00 as a filing fee.

Please process these forms as you explained to me, and call me if you have any questions or require additional information. Your assistance was greatly appreciated.

Sincerely,

Jordan P. Smith
