Re : Water Right No. 72-10032
modified by Exchange No. 74810

Dear Ms. Keen

Per our telephone discussion with you, we are submitting this request for consideration for the Conditions of Approval listed on the Water Right No. 72-10032, as modified by Exchange No. 74810. We feel that the Exchange of the Point of Diversion for Water Right 72-10032 should not cause restriction to other water which have been adjudicated.

In Accordance, Please find :

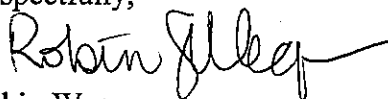

1. In the Adjudication of the listed Water Rights (72-7A, 72-10032, 72-16559 and 72-16560) the Department of Water Resources informed us of the Hubble Analysis of this Drainage and applied that Analysis to the adjudication of the Water Rights which we applied for.
2. Currently Water Right 72-10032 - .04 CFS is combined with Water Rights :
72-7A - .150 CFS
72-16559 - .06 CFS
72-16560 - 1.0 CFS

The Combined total of the 4 Water Rights - 1.250 CFS. And this volume of water from the Adjudicated Water Rights irrigates the same 12 Acre Place of Use.

3. The Conditions of Approval as listed on Water Right 72-10032 - as modified by Exchange No. 74810 certainly seem more extensive than the Conditions of Approval as listed on Water Right 72-16563 - as modified by Exchange No. 74810, which was modified by the transfer.

We request that the Conditions of Approval for Water Right No. 72-10032, as modified by Exchange No. 74810 be amended to properly reflect our Adjudicated Water Rights.

Respectfully,

Robin Wegner
