Re: Application for Transfer of Water Right

Dear Applicant:

This office received your application without the required payment of the fee. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the fee is paid. Therefore, IDWR is returning your application.

Please consult the enclosed fee schedule to determine the required fee. The fee is based on the total amount of water described by your application. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the fee.

Additionally, upon initial review of the application, it appears the transfer is not approvable. The application proposes to transfer two water rights, no. 65-3164 and no. 65-3165, from a piece of property where their beneficial use is combined with Mahala Ditch Co. water. Removing a water right from this combined system and irrigating additional land is presumed to be an expansion of use.

You may re-submit the application together with information indicating how the proposed transfer is approval and payment of the fee at your convenience. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Thank you for your attention to this matter.

Sincerely,

Western Region Water Rights Staff
