PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 96-9123

Dear Permit Holder:

The department acknowledges receipt of the Proof of Beneficial Use form ("proof") submitted for the above referenced permit. Enclosed is an order that reinstates the permit, since proof and the license examination fee was submitted after the proof deadline. Please note that the priority date for the permit has been advanced to March 7, 2003, as provided in Section 42-218a(2), Idaho Code. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

During my review of the proof and this permit, I found that the permit is limited to three (3) acres for irrigation. You state you are irrigating eleven (11) acres with this water right. The additional acres being irrigated should be covered by another water right. I suggest you contact the Northern region to verify that, or to apply for another water right for the additional amount.

Be advised that Section 42-248, Idaho Code, requires you as the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **Northern** Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Deborah J. Gibson
