PROOF ACKNOWLEDGMENT LETTER

Re: Permit Nos. 33-14860, 33-14861, 73-12048, 74-15036, 74-15694, 75-14113,
75-14292, 75-14293, and 75-14296

Dear Permit holder:

The department acknowledges receipt of the proofs of beneficial use ("proof") forms submitted for the above-referenced permits. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

According to your July 1, 2008 letter transmitting the above proof statements you also informed the IDWR that these permits reflected "several different mailing addresses for the permit holder." I have reviewed our records and made necessary changes that will reflect your office as the permit holder for these water rights. I am providing proof reports generated from our database to allow you verification of my changes. If any of the information contained in the Department's database is incorrect, please provide a written request for correction.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have questions about the field examination, please contact the Eastern Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
