DOREEN E WILLIAMS, TRUSTEE
DOREEN ETHLYN WILLIAMS TRUST
PO BOX 194
EASTPORT ID 83826

Dear Ms. Williams,

Enclosed you will find a copy of the Rules of Procedure of the Idaho Department of Water Resources. The item 37.01.01606 is found beginning at the bottom of page 26 of the rules carrying over to the top of page 27. It is highlighted for your reference.

Also enclosed is a copy of that portion of the Water Appropriation Rules 40 and 45 referenced in the information in the notice you received.

We acknowledge your request for the accommodation for your hearing. We will make arrangements to accommodate that. The hearing will begin at 10:00 am.

A list of the names of all parties involved is at the bottom of the Certificate of Mailing as a part of the information in the notice you received. You will need to bring sufficient copies for all the parties listed, of any and all information you want to submit for consideration, including information you might previously have furnished to our office.

Individuals from our office have already done an on-site inspection of the Round Prairie Creek channel and the Vilelli property specifically. At least one of the individuals in our office that have been on sight will be in attendance at the hearing. I don't know whether the hearing officer will see a need to visit the site of the project as part of his deliberations.

I trust this supplies all the information you requested. The forms, rules and statutes are also all available through our internet web page located at www.idwr.idaho.gov. All the documents in the water right file for the Vilelli application are available at the following website address: <http://www.idwr.idaho.gov/apps/ExtSearch/RelatedDocs.asp?Basin=98&Sequence=7859&SplitSuffix>

Sincerely,

Robert G. Haynes, P.E.
Regional Manager
