Dear Sir:

Upon receipt of your letter, July 23, 2008, I request of your office a printout of all Idaho Codes and procedures as mentioned in your second paragraph. Also a copy of Rules and Procedure 37.01.01606, requesting copies of all exhibits for each attending party. Does this include copies of all information and statements previously sent to your office for your review? I will need to be advised of all attending parties and names to meet this requirement.

I am requesting the use of a microphone for speakers since I am partially deaf, as an accommodation under the Americans with Disabilities Act. I thank you for this in advance.

Both myself and my son, Patrick D. Williams will be attending the hearing on September 4, 2008, however we will need to be advised of the exact time. Patrick Williams will be speaking for the Doreen Ethlyn Williams Family Trust. I will be available for any questions that may be directed to me.

In your letter I note the Presiding Officer will be Mr. Gary Spackman. My question is: Will Mr. Spackman or any other official do a detailed on-site observation or inspection of the Round Prairie Creek channel or the water changes Mr. Villelli has put in place before the scheduled meeting? Your office has my permission to come onto my property using my 1 mile access road. The entry is through our gate at 804 Moyie River Road. Note a green address sign and keep to the left.

Please send this information to our summer address.

Thank you.

Sincerely,
