Re: Application For Permit to appropriate the Public Waters of the State of Idaho
#95-9474

Dear Mr. Higdon:

The original application submitted by Silverwood Inc., on March 14, 2008, was incomplete. Corrections and additions were made in accordance with a telephone conversation with Brett McCarty. Attached for your consideration is an electronic version of the revised application, that contains all of the changes. Please look it over and pay special attention to **Items #3, #7 and #8**. If the new application is satisfactory, please have Mr. Lane Hubbard sign and return it to me within the next 30 days, so as not to delay processing.

Since the revised application calls for an increase in the diversion rate, from 1.0 cfs to 1.7 cfs, an additional application fee of \$40.00 is required at the time the application is returned. If you have any questions, don't hesitate to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
