Director

RE: Your Property Located In Sec. 34 T. 9S R. 15E, Twin Falls County

Dear Mr. Hull;

This letter is being written per your request in order to satisfy P & Z requirements for your proposed land division. You have stated that you own 80 acres of land with a home, lawn, domestic well, and a barn with a water line to it. You further stated that you are keeping the home, barn, domestic well, and 5 canal shares, and that the remaining land will be sold to a neighbor for irrigation purposes.

You mentioned that you own Water Right 47-13926, but our records show that this right is owned by Bernice Parish. I could not find any water rights in Twin Falls County under your name. If you have purchased this land and water right, Idaho law requires that you file a Change In Water Right Ownership with this Department. A printout of this water right is enclosed for your information, as is a Change form and instruction. Note that there is a \$25 processing fee to accompany the form.

Other than the ownership change, your proposed land division does not concern this Department.

If I can be of further assistance, feel free to contact me.

Regards,

James E. Stanton

James E. Stanton
Sr. Water Resource Agent

*Sorry -
I thought I did this when I
bought the property.*

Thanks,

Joe
