To ensure compliance with S.O. directives, complete the following before file goes to Regional Manager or S.O.

1. **“Pre or post memo”** -- document the file to show if processed prior to the new “change to applications” memo.
2. **Comments** should not be on left side of file – move to top of right side and be sure that staff review sheet includes a heads up about comments.
3. **Computer printout of application if not the original** – label as “file copy” and move to right side of file. Note that items 2 and 3 might be done as one step.

Items 1-3 apply to all files now being processed: files at your desk, in advertising, protested, or at Manager’s desk.

Items 2-3 will apply to all files processed in the future: new filings or those processed from “hold” drawers.

Please file a copy of this with your May 1999 “Final Review of Applications” guidelines that I distributed.

**Distribution: Applicants Whose Water Right Applications Were Held
Without Action Under the Boise River Basin
Moratorium**

Dear Applicant:

As you might be aware, on May 3, 1995 the Director of the Department of Water Resources, Mr. R. Keith Higginson, signed an Amended Moratorium Order which provides for the processing of previously held applications within the Boise River Basin, with certain restrictions. Enclosed for your information is a copy of the Order.

As provided in the Order, this office will resume the processing of these applications in order of priority at a rate of 30 applications per month. Depending on how many applicants wish to proceed with development of their projects, the processing of the 338 presently-held applications could require as much as a year. To enable you to make an estimate as to when your application(s) will be processed, please be advised that 244 of the applications have priority (receipt) dates of 1992; 32 are dated 1993; 37 are dated 1994; and 25 are dated 1995.

As new applications are received, they are sorted into two groups. Those that would not have been held back under the moratorium are processed immediately. To assure fairness in processing, those that would have been held back under the moratorium, such as irrigation applications, are placed at the end of the moratorium processing line.

Note that the Order requires that all applications held under the moratorium will be advertised (or re-advertised if previously advertised), in order to enable neighboring water users to examine the proposed uses in view of water availability information gained during recent drought years. There will be no additional charge to the applicants for this process. For applications that propose use of ground water, the advertisement must include an indication of the depth interval from which the applicant proposes to withdraw water.

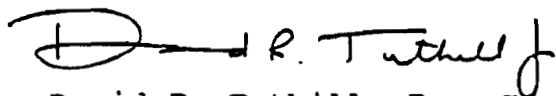

Please find enclosed a Profile Report which provides information from our water rights data base describing each of your moratorium-held applications. In addition we have included one response form for each application, which enables you to indicate whether you wish to proceed with processing of your water right application(s).

May 19, 1995

In case you no longer intend to develop a water use as described on an application, please complete and return the enclosed Withdrawal Form. Because of the time and effort already devoted to researching water availability in the Boise River basin, the Department will not be able to provide refunds of fees for applications that are withdrawn.

If you have questions about this process, or if you need assistance in completing the response form, please feel free to contact this office at (208) 334-2190. Response forms received no later than May 31, 1995, will be used in compiling the applications that will be advertised during June.

Sincerely,

David R. Tuthill, Jr., P. E.
Manager, Western Region Office

DATE: August 17, 1992
RE: *PARTIAL MORATORIUM HOLD*

=====

The irrigation portion of the above referenced application will be held until the Snake River Basin Moratorium (issued May 15, 1992) is lifted. As proposed, it does not qualify for an exempt status.

The remaining domestic use will be issued a new number, 63-11916, and processed as a permanent permit.

MORATORIUM EXEMPTION QUESTIONNAIRE

Department of Water Resources

IF YOUR APPLICATION PROPOSES AN IRRIGATION USE, PLEASE COMPLETE AND RETURN THE FOLLOWING:

- Has ALL the land you propose to irrigate been irrigated with surface water in the past?

no

- Do you summer fallow any of your irrigated land? If so, how many acres?

no

- List the water right(s) you have used to irrigate the land listed on the application. If you have received water from a canal company or water district, please identify the canal company or water district.

N/A

- During the last ten years, how many years has your surface irrigation water been available for the entire irrigation season?

NOT AT ALL

- What crops have you grown in the past ten years?

NONE

I understand if my proposed diversion of groundwater is approved as a supplemental use, that I can only use my well during periods of drought, when a full supply of water is not available. I also agree that my surface water will be fully used to the extent available, will not be sold or used on other lands, and that a change in use of my surface water may result in revocation of any groundwater right granted pursuant to my application for supplemental water.

Dated this 12th day of August, 1992.

RE: Application for Permit No. 63-11666

Dear Applicant(s):

On May 21, 1992, the Department of Water Resources sent you a letter explaining that a moratorium had been declared on the approval of certain pending and future applications to appropriate water in the Snake River Basin.

The letter included a request to complete and return to us a "Moratorium Exemption Questionnaire". The information would determine whether your proposed use(s) would qualify for the supplemental irrigation exemption, be partially approved, or be held without action. As of this date, the Department has not received the questionnaire. Enclosed is another one for your convenience.

Please return the questionnaire within twenty (20) days of the date of mailing of this letter, or the Department will initiate proceedings to void your application.

If you have any questions regarding this request, please contact me immediately at 327-5452.

Sincerely,

A handwritten signature in cursive script that reads "Brenda L. Miller".
